## Introduction

Getting around town can be a challenge for people who do not drive, especially for individuals with disabilities and older adults.

From buses, vans and taxis to volunteer driver programs ...the greater Dallas area has options. But sometimes finding transportation that meets your specific needs can be confusing. Providers have different service areas, hours of operation, eligibility requirements, etc.

This guide was created to help you understand the transportation options in Dallas County.\* Use this guide to find the right ride for you or someone you know.

If you would like your organization to be included in the guide, please submit a written request to:

## About this guide

This guide was created by the Community Transportation Network (CTN), a collaboration of 90 organizations led by the Community Council of Greater Dallas and the Dallas Area Agency on Aging. The CTN works to remove barriers that keep people with disabilities and older adults from getting where they need and want to go in Dallas County.

Information about transportation resources was gathered through a telephone survey and from organizations' official websites.

The guide is intended as an information source to help people with disabilities and older adults remain independent, healthy and connected.

It contains information on public transit, specialized transportation services, medical transport, taxis and for-profit options, carpools, accessible van rentals, older driver safety and information and referral sources.

For Get a Ride Guide updates and information about transportation options by telephone, call MY RIDE, (972) 855-8084 or email [myridedallas@ccgd.org](mailto:myridedallas@ccgd.org).

**Disclaimer**

*It is the responsibility of each consumer to verify information, evaluate the provider, and determine how to best meet his/her transportation needs.*

*Please confirm pricing, schedules and eligibility requirements with the provider. No guarantee of service availability is given.*

*No endorsement or evaluation of the organizations or their services is made or implied by these descriptions. Any omissions or errors are unintentional. All resource information is subject to change; therefore, the Community Transportation Network (CTN) cannot ensure the completeness or accuracy of the information. As such, all information contained in this guide is provided "as is", and without warranty of any kind, express or implied. The CTN is not responsible for any errors or omissions, or for the results obtained from the use of this information.*

*In no event will the CTN, its employees or community partners be liable for any decision made or action taken in reliance upon the information contained in this guide.*

## Find the right ride

To gather information about your options, it's helpful to ask questions and keep your specific needs in mind.

### Key Considerations

1. What is the service area?
2. What are the requirements to qualify for the service?
3. Are the vehicles wheelchair-accessible?
4. Is passenger assistance available?
5. May I travel with my personal care attendant?  
Guest? Service animal?
6. How much will the service cost?
7. How soon do I need to reserve my ride?
8. Will other passengers be riding with me? If so, how long will the wait be? How long will the ride be while others are being picked up and dropped off?

### Key Terms

**Accessible Vehicles:** Vehicles equipped with a lift or ramp that can transport individuals who use wheelchairs, scooters, and other mobility devices.

**Ambulatory:** Able to walk and generally need minimal assistance getting in/out of a vehicle.

**Guest:** Person who rides with a client and does not specifically perform some type of assistance.

**Passenger Assistance:** Help, often provided by the driver, that may include assistance in boarding or exiting the vehicle, securing wheelchairs and seat belts, carrying packages, opening doors, verbal guidance and physical support.

Levels of passenger assistance include:

**Curb-to-Curb Service:** Assistance in and out of the vehicle only.

**Door-to-Door Service:** Assistance in and out of the vehicle and to and from the door of pick up and drop off locations.

**Door-through-Door Service:** Assistance through the doors of residences and destinations, as needed.

**Personal Care Attendant (hereafter called Attendant):**

Person who assists in opening doors, getting in/out vehicles, pushing wheelchairs, carrying packages, communicating with the driver, navigating, etc.

**Shared-Ride Service:** Other passengers ride in the vehicle at the same time.

**Subscription Service:** A person's trips to the same place at the same time are automatically scheduled

## Helpful Tips

- Start transportation planning and eligibility proactively.
- Stay flexible on trip times when possible.
- Give as much advance notice as possible to reserve a trip at the time you need.
- Before hanging up, confirm trip date and time.
- Mixing modes might help, i.e., take the bus to the grocery store and a taxi home.
- If you are trying a new service for the first time, consider asking someone you know to ride with you.
- Ask questions and ask for help when you need it.
- Call MY RIDE: (972) 855-8084.

## Public transit

*Available to all riders.  
Typically runs on regular schedules and routes.*

### Dallas Area Rapid Transit (DART)

*Bus and rail services*

## Acknowledgments

The Community Transportation Network is a collaborative of 90 Dallas area organizations working to improve mobility for people with disabilities and older adults.

Special thanks to all the community partners who contributed to the creation of this guide and to the North Central Texas Council of Governments for providing grant funding for the project.

## Lead Agencies
